

Headquartered in Kent, a local family-owned dairy distributor Medosweet provides us with milk supplied by Smith Brother Farms. The dairy farms are located in the Enumclaw plateau area. Talk about fresh milk; the milk is received at our loading docks within three days of the milking. Our Medosweet products are all natural, from cows not treated with rBST.

UW's produce is supplied by Charlie's Produce, a local employee-owned company. Charlie's has been buying local produce for 25 years. They have 15 conventional growers in the Puyallup/Kent/Mt. Vernon area they draw upon for local produce. They also work with 24 growers in Eastern Washington, plus numerous packing sheds.

We Eat Local!

Wilcox Family Farms, located near Roy, WA, at the foot of Mt. Rainier, provides us with all-natural, cage-free eggs. Wilcox Family Farms has been awarded Salmon Safe certification, an emerging Pacific Northwest eco-label that recognizes farming practices that protect the health of our rivers and streams.

Continental Mills located in Tukwila, has been producing Krusteaz brand of bakery mixes since 1932. Krusteaz has teamed up with Shepherd's Grain and is now using the Shepherd's Grain flour for our pancakes and the entire bakery mix. The transition finished Spring quarter of 2012.
